

Related Arts Schedule

Phase One-Virtual Instruction

The Related Arts Teachers will provide 30 minutes of daily related arts instruction each afternoon. Each class has a 30 minute block for related arts which is held at the same time daily. The class structure will be 10-15 minutes of a live zoom/recorded lesson with the teacher and 15-20 minutes of independent work. Students should join the related arts class by clicking on the Zoom meeting information on the Related Arts Teacher's Canvas Page. For example, on Art days the student should open their Canvas Dashboard and go to the Canvas course for Art. There they will find a Zoom link to connect them to the Zoom meeting with the Related Arts Teacher. Additional resources for completing independent work/assignments is also located in the Related Arts Teacher's Canvas Course.

The schedule for Virtual Instruction will be in week blocks(they have the same related arts class for the entire week) with students rotating to a new special each Monday (or the first day of the week). Please check the schedule below for your student's related arts time.
